Mr. O'Connor commented: "I am both honored and very excited to be joining Blackrock at this important and transformative time for the Company. In order to make Blackrock a successful gold and silver Company, our highly experienced board has implemented a new strategy focused on the acquisition of quality advanced gold and silver projects that have near term production potential and are located in mining friendly jurisdictions. I am confident that while working closely with the members of the Board of Directors, all of whom are very experienced and well respected mining industry professionals, we can, as a team, deliver concrete results on the Company's new goals and objectives."

The Company is also pleased to announce the appointment of Mr. Catalin Chiloflischi, CEO of <u>Canarc</u> <u>Resource Corp.</u>, to the Board of Directors effective January 12, 2017. A total of 300,000 stock options for a term of five years at an exercise price of CAD \$0.075 have been granted to management and directors.

In order to finance its new strategy, the Company has amended the terms of its non-brokered private placement previously announced on November 21, 2016 (the "Private Placement"). The amended number of units has been increased to up to 4,000,000 units (the "Units") at an amended price of \$0.075 per Unit, for gross proceeds of up to \$300,000. Each Unit is comprised of one common share and one share purchase warrant.

Each whole warrant will entitle the holder to acquire one additional common share in the capital of the Company at a price of \$0.15 per share, for a period of two years from the date the Units are issued. If during the exercise period of the warrants, but after the resale restrictions on the shares have expired, the Company's shares trade at or above a weighted average trading price of \$0.30 per share for 15 consecutive trading days, the Company may accelerate the expiry time of the warrants by giving written notice to warrant holders that the warrants will expire 30 days from the date of providing such notice.

All other terms and conditions of the previously announced private placement remain the same. The Company plans to allocate the gross proceeds of the Private Placement to general working capital. A portion of the Private Placement may be completed in accordance with the exemption set out in BC Instrument 45-536 (*Exemption from prospectus requirement for certain distributions through an investment dealer*) (the "Investment Dealer Exemption"). In accordance with the requirements of the Investment Dealer Exemption, the Company confirms there is no material fact or material change related to the Company which has not been generally disclosed.
