

Western Graphite Completes Phase I Program At Pure Flake Graphite Mine

20.06.2013 | [ACCESS Newswire](#)

TORONTO, JUNE 20, 2013 - [Western Graphite Inc.](#) (WSGP) is pleased to announce that Paul Gray has completed his reconnaissance, rock sampling and compilation work program on the PURE FLAKE Mineral Claim Group, Slocan Mining District, British Columbia on behalf of Western Graphite. Objectives 1 through 4 as stated in the Company's May 6, 2013 press release have been completed

Western Graphite expects the production report, the fifth objection of the May 6 press release to be completed and results made public by the end of July. Details of the graphite deposit potential of the Pure Flake project complete with proposed budget and recommendation on mineral exploration expenditures will be included in this report.

Rock samples have been collected by PDGGC and are being transported to ACME Analytical Laboratories in Vancouver, B.C. shortly. We look forward to those results being made public in July. Western Graphite Inc. is very pleased and excited to have the ground work completed on the Phase 1 work program of our flagship project.

About Western Graphite Inc.

Western Graphite is a publicly traded US exploration company focused developing its property in Canada and Turkey, which comprises almost 7313 acres which is one of the largest land portfolios within a public graphite company. Western Graphite aims to be a major world class producer of graphite and become a major supplier of this commodity. Our goal is to become a large enough producer so as to help North America become graphite self-sufficient, avoiding the need to import from foreign producers.
