

TRER's Round Top Mountain Deposit Featured in Geological Society of America Presentation

15.10.2013 | [Marketwired](#)

SIERRA BLANCA, TX -- (Marketwired - Oct 15, 2013) - [Texas Rare Earth Resources Corp.](#) (OTCQX: TRER), a heavy rare earths exploration company, is pleased to announce that Dr. Philip C. Goodell, a board member of the Company and a professor at the University of Texas at El Paso's Department of Geological Sciences, has been selected to present a paper featuring the Company's Round Top Project at the 125th Anniversary Annual Meeting of the Geological Society of America in Denver, Colorado.

The Geological Society of America (GSA) is a global professional society with a growing membership of more than 25,000 individuals in 107 countries. Established in 1888, The Geological Society of America provides access to elements that are essential to the professional growth of earth scientists at all levels of expertise and from all sectors: academic, government, business, and industry.

Geological Society of America Presentation Details:

Title: Round Top Mountain, Texas, Laccolith Can Be a Reliable Source of HREE for US Industry and Defense*

Authors: Philip C. Goodell, Amed Gomez, Nicole Kyger, Geological Sciences, University of Texas at El Paso

Date: Tuesday, October 29, 2013

Dan Gorski, Texas Rare Earth Resources CEO, commented, "We are honored by the acceptance of Dr. Goodell's research by the Geologic Society of America. We believe this is another significant step in gaining recognition of this unique deposit."

About Texas Rare Earth Resources Corp.

[Texas Rare Earth Resources Corp.](#)'s primary focus is exploring and, if warranted, developing its Round Top rare earth minerals project located in Hudspeth County, Texas, 85 miles east of El Paso. The Company's common stock trades on the OTCQX U.S. tier under the symbol "TRER." For more information on Texas Rare Earth Resources Corp., visit its website at www.trer.com.

* - Texas Rare Earth Resources Corp. did not request or compensate Mr. Goodell in relation to the preparation of the Abstract, did not participate in the preparation or authoring of the Abstract and did not review or comment on the contents of the Abstract. The Abstract is the work of Mr. Goodell, his co-authors and the University of Texas at El Paso. The Company does not hereby adopt or otherwise endorse any of the statements or contents of the Abstract as its own. Investors should review the Company's filings with the United States Securities and Exchange Commission at www.sec.gov prior to making any investment decisions in relation to the securities of the Company.

Forward-Looking Statements

This press release contains forward-looking statements within the meaning of the U.S. Securities Act of 1933, as amended, and U.S. Securities Exchange Act of 1934, as amended, including, but not limited to, statements regarding presentation of the Abstract at the Annual Meeting of the Geological Society of America in Denver, Colorado, mineralization and resources at the Round Top project and potential development of the Round Top project and such similar statements. When used in this press release, the words "potential," "indicate," "expect," "intend," "hopes," "believe," "may," "will," "if," "anticipate," and similar expressions are intended to identify forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or

achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by such statements. Such factors include, among others, risks related to changes in future operating costs and working capital balance, risks related to mineral estimates, risks related to mining results not matching preliminary tests and risks related to the ability of the company to successfully monetize its non-rare earth resources, as well as those factors discussed under the heading "Risk Factors" in the Company's latest annual report on Form 10-K, as filed on November 15, 2012, and other documents filed with the U.S. Securities and Exchange Commission. Except as required by law, the Company assumes no obligation to publicly update any forward-looking statements.
