The Corporation plans to use the net proceeds from the Offering for working capital and general corporate purposes, including funding resource royalty and stream acquisitions.

The Units to be issued under the Offering will be offered by way of a short form prospectus in all of the provinces of Canada.

The offering is anticipated to close on or about February 26, 2016 (the "Closing Date") and is subject to certain conditions including, but not limited to, the receipt of all necessary approvals including the approval of the Toronto Stock Exchange and the applicable securities regulatory authorities.

The securities offered have not been registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements.
