

Nighthawk Gold Corp. Announces Proposed Acquisition of Superior Copper Corporation

25.02.2016 | [Marketwired](#)

TORONTO, Feb. 25, 2016 - [Nighthawk Gold Corp.](#) (TSX VENTURE:NHK) ("Nighthawk") and [Superior Copper Corp.](#) (TSX VENTURE:SPC) ("Superior") are pleased to announce that they have entered into a definitive agreement dated as of February 24, 2016 (the "Definitive Agreement") providing for the acquisition (the "Acquisition") by Nighthawk of Superior by way of a three-cornered amalgamation (the "Amalgamation"). Shareholders of Superior representing 21.1% of the common shares of Superior ("Superior Shares") issued and outstanding have entered into lock-up agreements with Nighthawk in support of the transaction. Nighthawk and Superior are both publicly listed companies on the TSX Venture Exchange ("TSXV"). Following the Acquisition, Nighthawk is expected to continue to trade on the TSXV and Superior will be delisted.

Particulars of the Transaction

Under the terms of the Definitive Agreement, Superior will amalgamate with a wholly-owned subsidiary of Nighthawk, and all of the issued and outstanding Superior Shares will be acquired by Nighthawk from the existing holders thereof in consideration of the issuance of 0.32493545 of one common share of Nighthawk (each whole such common share, a "Nighthawk Share") for each Superior Share so held (the "Exchange Ratio"), subject to the exercise of available dissent rights. Based on the 20 day volume-weighted average price of each of the companies on the TSXV for the period ending February 24, 2016, the Acquisition represents a premium to shareholders of Superior of approximately 55%. No finder's fee is payable in connection with the Acquisition.

Also in connection with the Acquisition, all of the outstanding stock options of Superior will be exchanged for equivalent stock options of Nighthawk, and all of the outstanding share purchase warrants of Superior will thereafter entitle the holders to acquire Nighthawk Shares in lieu of Superior Shares, in each case subject to adjustment based on the Exchange Ratio and otherwise on the same terms and conditions.

The Amalgamation will require the approval of at least 66 2/3% of the votes cast by shareholders of Superior at a special meeting of shareholders of Superior (the "Superior Meeting") expected to be held as soon as practicable. The transaction is currently expected to close shortly thereafter. A management information circular is expected to be mailed to shareholders of Superior in connection with the Superior Meeting to be held to, among other things, consider the Amalgamation and in accordance with applicable securities laws. Substantial additional information regarding the details of the proposed Acquisition will be included in such management information circular. Superior expects to mail the management information circular by April 2016. The board of directors of Superior, on the recommendation of its independent special committee ("Superior Special Committee"), has unanimously approved the Acquisition and will recommend that shareholders of Superior vote in favour of the Amalgamation.

It is anticipated that immediately following the closing of the Acquisition (assuming there are no changes to the outstanding common shares or convertible securities of either company), an aggregate of approximately 112,739,407 Nighthawk Shares will be issued and outstanding, of which it is anticipated that 54,285,714 Nighthawk Shares will be held by former shareholders of Superior (representing approximately 48.2% of the Nighthawk Shares), and 58,453,693 Nighthawk Shares will be held by existing shareholders of Nighthawk (representing approximately 51.8% of the Nighthawk Shares). Furthermore, it is anticipated that no Nighthawk Shares will be reserved for issuance pursuant to outstanding convertible securities upon the closing of the Acquisition, other than up to 9,745,421 Nighthawk Shares issuable upon exercise of outstanding share purchase warrants, and up to 8,187,867 Nighthawk Shares issuable upon exercise of outstanding stock options.

The Definitive Agreement contains customary terms and conditions for a transaction of this nature, including covenants applicable to each such entity until closing of the Acquisition regarding their respective businesses and affairs. A copy of the Definitive Agreement is available under both Nighthawk's and Superior's issuer profiles on SEDAR at www.sedar.com.

Reasons for the Merger

The Amalgamation has been initiated to combine Nighthawk's Colomac Gold Project with the working capital of Superior to create a strong, well-funded exploration company with an experienced management team to enhance shareholder value for both companies. The combined entity will be well positioned in the Northwest Territories, a stable mining-friendly jurisdiction, to advance the Colomac Gold Project.

Nighthawk President and C.E.O., Dr. Michael J. Byron, stated, "The Board and Management of Nighthawk unanimously support the planned merger between our two companies. The new combined company will be well funded and well managed by a dynamic Board with an excellent track record and long history of success. The outstanding technical and financial team will perfectly augment Nighthawk's property portfolio with gold deposits in the Northwest Territories. The new company will focus on systematically advancing its assets in the Northwest Territories through a diligent priority process focussing on its best assets with a view to long term success to transition Nighthawk from an explorer to a mine finder. We believe that this business combination will provide the best opportunity for Nighthawk's shareholders to participate in the long term value and advancement of our assets which we have worked so hard to advance through very trying market conditions over the last few years."

Superior President and C.E.O., Mr. John Tait, stated, "This is a classic business merger that combines management, directors, projects and capital at a low point in the cycle. We think the amalgamation will begin to benefit the shareholders of both companies immediately as well and even more so in the long term. I am excited about the prospect of the combined company and believe that with our pooled resources we can work together and make this a successful business venture for all of our shareholders."

There are currently no "control persons" (as defined by the applicable regulations of the TSXV) of Nighthawk or Superior. Based on the current shareholdings and present knowledge of Nighthawk and Superior, it is anticipated that following the closing of the Acquisition, no person or company will beneficially own, directly or indirectly, or control or direct more than 10% of the issued and outstanding Nighthawk Shares other than Mr. Cudney who is expected to exercise control or direction over, directly or indirectly, an aggregate of 17,845,018 Nighthawk Shares representing approximately 15.8% of all issued and outstanding Nighthawk Shares as of such date (assuming there are no changes to the outstanding common shares or convertible securities of either company).
