29.04.2016 | [Marketwired](#)

VANCOUVER, Apr 29, 2016 - [Belvedere Resources Ltd.](#) (TSX VENTURE:BEL) (the "Company") announces that it does not anticipate being in a position to file its audited annual financial statements (the "Statements"), management's discussion and analysis and related certifications for the fiscal year ended December 31, 2015 (the "Required Records") on or before April 30, 2016, as required, due to difficulties under recent prevailing market conditions to procure financing for working capital to meet the Company's operational needs. However, the Company is currently in discussions with its lenders and other parties regarding financing to meet its needs on a go-forward basis. The Company intends to have the auditors complete the audit of the Statements as soon as possible and expects to be able to file the Statements no later than May 31, 2016.

Accordingly, the Company has requested and received the issuance of a management cease trade order under the provisions of National Policy 12-203 Cease Trade Orders for Continuous Disclosure Defaults ("NP 12-203") so as to permit the continued trading in the Corporation's common shares by persons other than insiders and employees of the Company.

The Company confirms that it intends to satisfy the provisions of section 4.4 of NP 12-203 and issue bi-weekly default status reports for so long as the Company remains in default of the financial statement filing requirement, containing any material changes to the information in this release, all actions taken by the Company to remedy the default; particulars of any failure by the Company to fulfill these provisions, any subsequent defaults of the Company requiring a default announcement and any other material information concerning the affairs of the Company not previously disclosed. The Company is not subject to any insolvency proceedings nor is there in other material information concerning the affairs of the Issuer that has not been generally disclosed.
