[Rare Earth Minerals plc](#) presentation will be available 24/7 for 90 days. Investors may download shareholder materials from the virtual trade booth in the Exhibits section of the event.

About Rare Earth Minerals Plc

Rare Earth Minerals invests across the globe, principally in lithium mining projects. Its primary strategy is take significant economic stakes in upstream exploration and development assets within strategic metals. We identify assets that have strategic cost advantages that are not replicable, with the aim of achieving lower quartile production costs. The combination of this approach and seeking value opportunities allows us to identify projects capable of achieving high rates of return.
