

Encore Energy, Inc. Featured in Energy and Mining International Article, “Proven Assets”

13.07.2018 | [Business Wire](#)

Encore Energy, Inc. announced today that the Company and its horizontal Berea oil well program(s) in Eastern Kentucky have been “exclusively featured” in an Energy and Mining International magazine article, “Proven Assets.”

“We are building a serious production and exploration company, long-term; we’re moving aggressively in the Berea,” said Steve Stengell, Encore’s President and CEO.

This exclusive feature can be viewed at the following link:

About the Company:

Encore Energy, Inc., through its wholly-owned subsidiary, Encore Operating Kentucky LLC, is one of, if not the most active operator, in South Central Kentucky, and is currently developing multiple horizontal oil well projects in Eastern Kentucky. The Company maintains a perfect compliance record across all state and federal regulatory bodies. Encore is a proud member of the Kentucky Oil and Gas Association, the IPAA, the Society of Petroleum Engineers, the NFIB and the Bowling Green Chamber of Commerce.

For more Information regarding Encore and its projects, please contact Joseph Hooper at (270) 842-1242, ext. 224.

Assumptions, Disclaimer and Cautionary Statement: The information herein may contain forward-looking statements, and actual results may vary. Words such as “estimate,” “will,” “intend,” “continue,” “target,” “expect,” “achieve,” “strategy,” “future,” “may,” “goal,” or other comparable words or phrases or the negative of those words, and other words of similar meaning indicate forward-looking statements and important factors which could affect actual results. Forward-looking statements are made based upon Management’s current expectations and beliefs concerning future developments and their potential effects upon Encore Energy, Inc. Oil and gas investments involve a high degree of risk, uncertainty and are only suitable for qualified Accredited (SEC Definition) investors who are sophisticated in making business decisions and can bear the financial loss of their entire investment, while delivering a turnkey profit to the Company for proving the prospect development, lease acquisition, drilling, completion, engineering and ongoing production operations. The Company does not provide tax advice and investors should seek the advice of their tax professional. Any tax and/or other information herein is provided for illustration purposes only and may include estimates that are uncertain and subject to change. It is impossible to accurately forecast profitability, production, reserves, income, expenses and timelines for any project. No assurances can be made as it relates to reserves, production, income, profit, prices, timelines and/or other estimates. Actual production and results are beyond the control of management. In the event that commercial production is achieved, it may take many years for the investor to recoup his or her investment. The Company’s lease acreage position under is subject to change and includes acreage under lease, Farmout agreement, verbal agreement, renewals, expired terms and any other prospective acreage in which the Company has communicated and/or negotiated with the landowner the leasing of oil and gas rights, now or in the future, and the lease / mineral owner has leased or communicated their intent to lease there mineral lease rights to the Company. It is important for qualified investors to acknowledge the fact that the US government provides them with tax savings (100% IDC tax deduction) to mitigate or at least off-set some of the financial risk associated with domestic oil and gas investments. This is not an offer to sell or buy a security. An offer shall only be made pursuant to SEC Regulation D, Rule 506(c) by a private placement offering memorandum, and this is not a private placement offering memorandum.
