

Auryn Receives \$6 Million Bridge Loan Commitment

06.09.2019 | [ACCESS Newswire](#)

VANCOUVER, September 6, 2019 - Auryn Resources Inc. (TSX:AUG)(NYSE AMERICAN:AUG) (“Auryn” or the “Company”) is pleased to announce that it has arranged a bridge loan commitment (the “Bridge Loan”) for up to CAD \$6 million to fund the Company’s near term corporate and working capital needs. The Bridge Loan is scheduled to complete on or before September 12th and is subject to the negotiation of a definitive agreement, customary closing conditions and TSX and NYSE American approval.

A Message from Ivan Bebek, Executive Chairman & Director:

“We have chosen to use the Bridge Loan as a means of funding, instead of a dilutive equity raise, in order to continue to maintain current operations while we execute on various catalysts across our portfolio of seven gold and copper projects. The Bridge Loan facility, if used in full, should give the Company adequate working capital for approximately one year.

“The Company is currently awaiting drill results from its Committee Bay project, exploration results from its Homestake Ridge project and importantly, in-process drill permits for its Sombrero project in Southern Peru, which are progressing on schedule.

“Our portfolio of projects represents a high degree of optionality and the current increase in precious metal prices certainly improves all monetization and value-add options we may consider with our projects.”

Proposed Loan Terms

The Bridge Loan will consist of two tranches of \$3 million, with the first tranche being advanced on the closing date, currently targeted for September 12th, 2019. Advancement of the second tranche is conditional upon the mutual agreement of the parties. The lender is an existing shareholder of the Company.

The Bridge Loan will bear interest at 10% per annum and will be repayable no later than one year after the date of advancement (the “Maturity Date”); however, the Bridge Loan can be repaid at any time after 90 days of advancement at the discretion of the Company without penalty. The Bridge Loan is to be secured by a first charge general security agreement over all of the Company’s present and future assets.

In connection with the Bridge Loan, 500,000 bonus warrants will be issued on the closing of the first tranche and will have a term of three years from the date of issue. Each warrant is exercisable into one common share of the Company at a price of \$2.00 per common share but cannot be exercised until after the Maturity Date.
