Vancouver, February 5, 2020 - Edison Cobalt Corp. The post-transaction capital structure for SPC Metals will reflect the issued share capital for EDDY after giving effect to a 3.55:1 share consolidation, and the issuance of SPC Metals common shares to current shareholders of SPC.

If: (i) the escrow release conditions are not satisfied or waived on or before the escrow release deadline, or (ii) prior to the escrow release deadline, the amalgamation agreement between EDDY and SPC is terminated or SPC or EDDY advises the escrow agent or publicly announces that it does not intend to satisfy the escrow release conditions, the subscription receipt holders will be entitled to a return of the total subscription price paid, the escrowed funds (plus accrued interest earned thereon) will be returned to the subscription receipt holders on a pro rata basis and the subscription receipts will be cancelled without any further action on the part of the holders. SPC and EDDY will be responsible for the payment of any shortfall between the escrowed funds and the subscription price paid by the holders of the subscription receipts.
