Vancouver, March 9, 2020 - [Pacific Booker Minerals Inc.](#) (TSXV: BKM) (OTC Pink: PBMLF) (CUSIP #69403 R 10 8) is advising that the recent volatility in our market activity may be in response to a question asked by Dr. Andrew Weaver, MLA, during Question Period in the Legislative Assembly of British Columbia on March 5th.

Dr. Weaver asked Bruce Ralston, the Minister of Energy, Mines and Petroleum Resources, about the regulatory inconsistencies facing the Morrison mine project. The video and text of that exchange is posted on Dr. Weaver's webpage at:

Prior to his election, Dr. Weaver served as Canada Research Chair in climate modelling and analysis in the School of Earth and Ocean Sciences at the University of Victoria. He has been a Lead Author on the 2nd, 3rd, 4th and 5th Intergovernmental Panel on Climate Change's scientific assessments and has authored or coauthored over 200 peer-reviewed, scientific papers and was the Chief Editor of the Journal of Climate from 2005-2009.

The Company would like to express our appreciation to Dr. Weaver for bringing this matter to the attention of the House and Mr. Ralston and our hope that his intent to explore this further in the coming weeks brings a resolution to the issue.
