

Evergold Reports Audited Financial Results for Fiscal Year 2019

09.04.2020 | [GlobeNewswire](#)

TORONTO, April 09, 2020 - [Evergold Corp.](#) (TSXV: EVER) (the "Company"), is pleased to release its audited financial results for the year ended December 31, 2019. Copies of both the financial statements and MD&A may be obtained from the Company's website at www.evergoldcorp.ca, or alternatively from the Company profile at www.sedar.com.

The highlight of the year was the successful completion, October 4, 2019, of the Company's initial public offering and concurrent listing on the TSX Venture Exchange for gross proceeds of \$3.45 million, and net proceeds of approximately \$3.00 million.

"2019 was a formative year for the Company," said Kevin Keough, Evergold's President and Chief Executive Officer. "Our team was gratified that more than 350 new shareholders supported our vision. We believe our IPO was the largest in the mining space in Canada in 2019, which is a testament to the high discovery potential on our two flagship properties, Snoball and Golden Lion. As drill permits for both properties are now in hand and maintenance work on the Golden Lion access road and bridges started the other day, we believe we are well placed to deliver on our vision of drilling this summer for the first time, the high potential targets we have identified."

About Evergold

[Evergold Corp.](#) has been assembled by a team with a record of recent success in British Columbia, combining four 100%-owned properties in prime geological real estate from one of BC's best-known geologists, C.J. (Charlie) Greig, with seasoned management and a qualified board. The Company's flagship assets consist of the 3,545 hectare Snoball property, located in the heart of BC's famed Golden Triangle only 12 kilometres off highway 37, where the Company believes it has located the source of a large, strong gold-silver anomaly up-slope of previous work, and the 5,099 hectare Golden Lion property, located well to the east of Snoball in similar Stikine terrane rocks, at the north end of the Toadoggone region, where multiple strong gold-silver-copper targets have been outlined. The Company intends to carry out the first-ever drilling of selected targets on both properties in the forthcoming 2020 field season.
