Mexus reports additional gold sales from production at its Santa Elena mine

18.05.2020 | GlobeNewswire

CABORCA, May 18, 2020 - Mexus Gold US (OTCQB: MXSG) (“Mexus” or the “Company) announced that the company sold 47.5 ounces of gold May 7th and is processing an additional 45 ounces the week of May 18th. The sale and production of gold is an excellent start for the company and meets the company’s previously stated goals for the month. Mexus’ goal of keeping production costs down while steadily increasing production continues as sales of gold for the month of May are expected to exceed 120 ounces.

“Every day Mexus is experiencing firsts relating to production. From the amount of material being mined, crushed, and placed on the heap leach pad to the end production of gold. This will be our best month of gold production and is a testament to the perseverance and commitment of all involved with the company. The Santa Elena mine is a historical mine site and encompasses over 6500 acres. I’m excited to see the production of gold increase as we build out and tap into this outstanding property. My goal has always been to make Mexus into a major mining company,” added Mexus CEO, Paul Thompson.

About Mexus Gold US

Mexus Gold US is an American based mining company with holdings in Mexico. The fully owned Santa Elena mine is located 54km NW of Caborca, Mexico. Mexus also owns rights to the Ures property located 80km N of Hermosillo, Mexico. This property contains 6900 acres and has both gold and copper on the property. Founded in 2009, Mexus Gold US is committed to protecting the environment, mine safety and employing members of the communities in which it operates.
