VANCOUVER, July 7, 2020 - [Lida Resources Inc.](#) (CSE: LIDA) ("Lida" or the "Company") is Canadian exploration company that is pleased to announce that it has staked 2,500 hectares in the vicinity of its San Vincente Property and the recently acquired Quiruvilca Mine Property.

The Company's San Vincente Property, Quiruvilca Mine Property and additional ground (the "Property") are all located in the Quiruvilca District, Santiago de Chuco Province, La Libertad, Peru.

"We are very pleased to pick up additional ground in this area. This is a very prolific gold/silver/copper property. We are adjacent to the Barrick Gold Lagunas Norte mine. We want to consolidate our land position in the vicinity of Quiravila Mine. Our objective is to change from a vein type silver mine profile to a high tonnage gold/copper mine profile", stated Len De Melt, CEO.

At the peak during its initial 80-year mine life the Quiruvilca Mine was mining the narrow veins at 3,000 tons per day. The mine was mining at 1,000 tons per day when it closed down.
