

Independent Proxy Advisory Firms, ISS and Glass Lewis, Support a Proposed Arrangement Involving Coral Gold Resources and Nomad Royalty Company

02.11.2020 | [ACCESS Newswire](#)

VANCOUVER, Nov. 2, 2020 - [Coral Gold Resources Ltd.](#) (TSXV:CLH) (OTCQX:CLHRF) ("Coral" or the "Company") is pleased to announce that Institutional Shareholder Services Inc. ("ISS") and Glass Lewis & Co. ("Glass Lewis"), have each recommended that shareholders vote in favour of the plan of arrangement (the "Plan of Arrangement") involving Coral, its Shareholders and [Nomad Royalty Company Ltd.](#) ("Nomad"), as announced on August 24, 2020.

ISS and Glass Lewis are two leading independent proxy advisory firms who make voting recommendations to their subscribers, including institutional investors.

Recommendation to Shareholders of Coral

In reaching its conclusion, ISS noted that "The provisions of the arrangement agreement are the result of arm's length negotiations conducted among representatives of Nomad and Coral and their respective legal advisors. The rationale behind the acquisition appears sound. The consideration represents approximately a 77 percent premium to the 20-day VWAP. The transaction will give shareholders the ability to participate in a diverse portfolio of assets, a potential dividend yield and equity ownership of a larger company with greater capital markets presence.

Glass Lewis also noted, "In our view, the proposed merger should provide shareholders with a host of potential benefits. Since the bulk of the merger consideration will be paid in Nomad shares, former Coral shareholders will have the opportunity to participate in the potential future upside of a larger, dividend-paying metals royalty firm that is expected to have broader operational scale, better access to capital and a greater presence in the capital markets compared to the Company on a standalone basis. Further, whereas Coral only has a single material mining asset (the Robertson Royalty), Nomad has a diversified portfolio of royalties, streams and gold loans that Coral shareholders will be able to gain exposure to via the stock consideration.

From a financial standpoint, the board highlights the substantial implied market premium of the merger consideration over the Company's recent unaffected closing prices. The Company's independent financial adviser has also rendered a favorable fairness opinion in respect of the merger consideration to be received by the Company's shareholders. The financial adviser's conclusion was supported by the findings from its market-based analyses, including a review of price-to-NAV multiples observed in selected sets of royalty firms and development-stage gold mining firms (both including and excluding a control premium) and selected sets of industry-specific precedent transactions."

Reasons and Benefits of the Plan of Arrangement

- The Consideration represents a significant premium on the market price of the Shares based on Nomad and Coral's respective August 21, 2020 closing prices on the TSX and TSXV;
- The Arrangement provides the Shareholders of Coral with exposure to Nomad's diversified portfolio of royalties, streams and gold loans, including the Robertson Royalty;
- As Nomad continues to scale its business and grow its portfolio, the Nomad Shares may continue to appreciate in value (although there can be no assurance this will occur, as the Nomad Shares may decrease in value); and

- Nomad's portfolio of assets provides a diversified source of free cash flow which have the potential to pay dividends to its shareholders.

Coral Meeting

The annual general and special meeting of the holders of common shares (the "Shareholders") will be held at Suite 3200, 650 West Georgia Street, Vancouver, British Columbia, at 11:00 a.m. (Vancouver time) on November 12, 2020.

Meeting Materials
