

Investissement Québec, The Pallinghurst Group and Orion Mine Finance Complete Acquisition of Nemaska Lithium

01.12.2020 | [GlobeNewswire](#)

Montréal, Québec, Dec. 01, 2020 -- Nemaska Lithium Inc. (Nemaska Lithium or the Corporation) announces that the Corporation completed today its previously announced sale (the Transaction) to a group made up of Investissement Québec (IQ), and The Pallinghurst Group, acting through an entity named Quebec Lithium Partners (Pallinghurst); and, together with IQ, the Purchasers, together with Orion Mine Finance (Orion), structured as a credit bid. Details of the Transaction were previously provided in press releases issued on August 24, 2020, and October 15, 2020.

Pursuant to the Transaction, the Purchasers acquired, on a 50-50 basis, all of the issued and outstanding shares of an entity resulting from the amalgamation of the Corporation, its subsidiaries and entities controlled by Orion, to form a new resulting entity that will operate the business of the Corporation (New Nemaska Lithium). As a successor to the Corporation, New Nemaska Lithium has applied to the Canadian securities regulatory authorities to cease to be a reporting issuer under applicable Canadian securities laws.

The Purchasers believe that the closing of the Transaction will enable the business of New Nemaska Lithium to progress forward with strong financial and operational backing, all while preserving present and future employment and economic opportunities to the benefit of the local community, including the Cree Nation.
