VANCOUVER, May 3, 2021 - [Metallis Resources Inc.](#) (TSXV: MTS) (OTCQB: MTLFF) (FSE: 0CVM) (the "Company" or "Metallis") announces the Company has closed the first tranche (the "First Tranche") of its previously announced non-brokered placement (the "Financing") of up to \$3.5 million (See News Release dated April 23<sup>rd</sup>, 2021). The First Tranche has resulted in the issuance of 5,970,000 flow-through units for gross proceeds of \$2,985,000 and 761,111 non-flow-through units for gross proceeds of \$342,500.

Metallis' President and CEO Fiore Aliperti stated "The closing of this first tranche is a critical step in preparation for our 2021 drill season, and we expect to close the remainder within the next week. As previously reported, all our key exploration contracts have now been signed and the geological team is finalizing the last of the data analysis that will help detail the 3D model of the Cliff Porphyry Corridor." He went on to add "the remaining task will be to hold a series of drill plan meetings. These meetings will involve the Technical Advisory Board inclusive of recent additions Charlie Greig and Dr. Michelle Campbell. They will help establish the initial drill targets of the 2021 drill program. It is our plan to be on the ground in June this year which is a short time away."

Flow-through units consist of one flow-through common share and one-half of one non-flow-through non-transferable share purchase warrant with each full warrant exercisable at \$0.70 per share for two years. The Company will renounce these expenses to the purchasers with the effective date no later than December 31, 2021, and as required under the Act.

The proceeds from the non-flow-through units will be used for both exploration and general corporate purposes.

Aventus Capital Corp. acted as a finder in association with certain subscriptions in the First Tranche. The Company will pay Aventus \$12,000 in cash finders fees and will issue 24,000 finder's warrants exercisable at \$0.50 per share for two years from the date of issuance.

Shares and warrants issued on closing will be subject to a trading hold period expiring four months plus one day from the date of issuance.
