

PolyMet Mining Reports Results for Period Ended June 30, 2021

05.08.2021 | [Newsfile](#)

St. Paul, August 5, 2021 - [PolyMet Mining Corp.](#) (TSX: POM) (NYSE American: PLM) has filed its financial results for the three and six months ended June 30, 2021.

During the period, the company secured funding to advance optimization and engineering efforts related to the NorthMet Project and to continue legal defense of its permits.

Of the more than 20 permits issued to build and operate the mine, four permits remain on hold pending active legal or regulatory action. More information on recent court developments can be found on the company's website at www.polymetmining.com/investors/news and in its filings found under the company's SEDAR and EDGAR profiles at www.sedar.com and www.sec.gov, respectively. The company anticipates that ongoing litigation will continue to at least year-end 2021.

On July 15, 2021, the company issued to Glencore an unsecured convertible debenture in the amount of \$10.0 million. The debenture is due on the earlier of March 31, 2023, or upon US\$100 million of project financing. Interest will accrue on the unsecured debenture at 4% per annum and the principal amount of the debenture is convertible into common shares of the company at a conversion price equal to \$3.4550.

- Loss for the three months ended June 30, 2021, was \$5.1 million compared with \$6.0 million for the prior year period. The decreased loss was primarily due to reduced spend on studies and evaluation of the mineral resource.
- Loss for the six months ended June 30, 2021, was \$8.8 million compared with \$13.5 million for the prior year period. The decreased loss was primarily due to reduced spend on studies and evaluation of the mineral resource, investment gains from restricted deposits, and non-cash gains from fair valuing financial assets.
- Capital expenditures for the three months ended June 30, 2021, was \$1.9 million which was consistent with the prior year.
- Capital expenditures for the six months ended June 30, 2021, was \$3.6 million compared with \$4.8 million for the prior year. The decrease was due to lower capitalized spend following receipt of permits in March 2019 as the company awaits resolution of legal challenges to permits.

About PolyMet

PolyMet is a mine development company that owns 100% of the NorthMet Project, the first large-scale project to have received permits within the Duluth Complex in northeastern Minnesota, one of the world's major, undeveloped mining regions. NorthMet has significant proven and probable reserves of copper, nickel and palladium - metals vital to infrastructure improvements and global carbon reduction efforts - in addition to marketable reserves of cobalt, platinum and gold. When operational, NorthMet will become one of the leading producers of nickel, palladium and cobalt in the U.S., providing a much needed, responsibly mined source of these critical and essential metals.

Located in the Mesabi Iron Range, the project will provide economic diversity while leveraging the region's established supplier network and skilled workforce, and generate a level of activity that will have a significant effect in the local economy. For more information: www.polymetmining.com.
