Vancouver, Dec. 1, 2021 - [Guyana Goldstrike Inc.](#) (the "Company" or "Guyana Goldstrike") (TSXV:GYA) (OTC:GYNAF) is pleased to announce it has partnered with Windfall Geotek Inc. (TSX-V: WIN, OTCQB: WINKF, FSE: L7C2) a leader in the use of Artificial Intelligence (AI) with advanced knowledge-extraction techniques since 2005 in the mining sector to provide its Artificial Intelligence Targeting Technology for the East Georgie Polymetallic Project ("East Georgie" or the "Property") located in the prolific Golden Triangle region of British Columbia.

## Deal Terms:

- Multi year service agreement for Windfall Geotek's AI Consulting services
- Windfall Geotek will retain the right to purchase 1% NSR Royalty for \$500,000 for any land claims Windfall Geotek finds AI targets on

## East Georgie:

- 100% purchase option
- 69 mineral claims totaling 10,840 hectares
- lying within an area extending north and northwest from a southern apex at the old mining camp of Anyox which hosts more than 1,000 mineral occurrences of dominantly precious metal vein type, with related skarn, porphyry and massive sulphide
- Potential for Au, Ag, Cu, Mo, Pb, Zn mineralization
- A series of geophysical surveys on the property have been conducted and interpretation reports received
- Over 85 individual targets selected from 7 measured or derived parameters based on statistical anomalism
- Potential for Eskay Creek, Anyox and Granduc styles of mineralization
- Historic Mineralization exists with ten Minfile Showings occurring on the Property

Peter Berdusco, Chief Executive Officer of Guyana Goldstrike, commented: "Windfall Geotek's AI technology has a 15-year track record of success and will be a significant exploration tool increasing our chance of early discovery while cutting time & costs. We are excited to work with Windfall Geotek on our East Georgie Project in British Columbia's Golden Triangle."

Simran Kamboj, President of Windfall Geotek commented: "We're excited to work with Guyana Goldstrike to assist them in building a more effective exploration program using our industry leading data and AI technologies. Multi year deals like this allow Windfall Geotek to join in on the journey with our customers and use new data from exploration as it becomes available to continuously refine the target zones."

### About Guyana Goldstrike Inc.

Guyana Goldstrike is a mineral exploration company engaged in the exploration of precious metal and base metal projects in North America. The company recently signed a definitive agreement to acquire a 100% purchase option on the East Georgie Polymetallic Project in the Golden Triangle, British Columbia. The project consists of 69 active mineral claims totalling 10,840 hectares (ha). It lies within an area extending north and northwest from a southern apex at the old mining camp of Anyox which hosts more than 1,000 mineral occurrences of dominantly precious metal vein type, with related skarn, porphyry and massive sulphide

### About Windfall Geotek - Powered by Artificial Intelligence (AI) since 2005

Windfall is an Artificial Intelligence company that has been in business for over 15 years developing its proprietary CARDS analysis (AI) and data mining techniques. Windfall Geotek can count on a multidisciplinary team that includes professionals in geophysics, geology, Artificial Intelligence, and mathematics. It combines available public and private datasets including geophysical, drill hole and surface data. The algorithms designed and employed by Windfall are calculated to highlight areas of interest that have the potential to be geologically similar to other gold deposits and mineralization. The Company's objective is to develop a new royalty stream by significantly enhancing and participating in the exploration success rate of mining and to continue the Land Mine detection application as a high priority. Windfall has played a part in numerous past discoveries utilizing its methodology as described at: <https://windfallgeotek.com/>.
