

Lomiko Closes Flow-Through Private Placement

24.12.2021 | [Business Wire](#)

[Lomiko Metals Inc.](#) (TSX.V: LMR) ("Lomiko Metals" or the "Company") announces that it has received TSX Venture Exchange (the "Exchange") approval and has closed its non-brokered private placement (the "Private Placement") and will issue 18,440,870 flow-through units (the "FT Units") at a price of \$0.115 per FT Unit for aggregate gross proceeds of \$2,120,700.05.

Each FT Unit consists of one flow-through common share (a "Share") and one-half (1/2) common share purchase warrant (a "Warrant") with each whole Warrant exercisable at a price of \$0.18 per share for a period of two years.

The Company has paid cash finder fees of \$99,785 and issued 867,695 finder warrants (the "Finder's Warrants") to two parties. The Finder's Warrants are exercisable at a price of \$0.18 per share for a period of two years. These finder fees have been corrected from the press release that was issued yesterday, December 22, 2021.

The securities have been issued having a hold period expiring April 23, 2022.

An insider of the Company subscribed for 434,783 FT Units. As such, his participation constitutes a "related party transaction" as defined under Multilateral Instrument 61-101 Protection of Minority Security Holders in Special Transactions ("MI 61-101"). Such participation is exempt from the formal valuation and minority shareholder approval requirements of MI 61-101 as neither the fair market value of the FT Units acquired by the insiders nor the consideration for the FT Units paid by such insiders, exceed 25% of the Company's market capitalization. The Company did not file a material change report 21 days prior to the closing date of the first tranche of the Offering as details of the respective participation of such insiders in the Offering was unknown at such time.

The Company intends to use the gross proceeds of the Private Placement to incur Canadian Exploration Expenses and "flow-through mining expenditures" as defined in the Tax Act on the Company's La Loutre and Bourier Properties which will be incurred on or before December 31, 2022.

About Lomiko Metals Inc.

Lomiko Metals has a new vision and a new strategy in new energy. Lomiko represents a company with purpose: a people-first company where we can manifest a world of abundant renewable energy with Canadian and Quebec critical minerals for a solution in North America. Our goal is to create a new energy future in Canada where we will grow the critical minerals workforce, become a valued partner and neighbour with the communities in which we operate, and provide a secure and responsibly sourced supply of critical minerals.

The Company holds a 100% interest in its La Loutre graphite development in southern Quebec. The La Loutre project site is located within the Kitigan Zibi Anishinabeg (KZA) First Nations territory. The KZA First Nations are part of the Algonquin Nation and the KZA territory is situated within the Outaouais and Laurentides regions. Located 180 kilometres northwest of Montreal, the property consists of 1 large, continuous block with 48 minerals claims totaling 2,867 hectares (28.7km²). Lomiko Metals published a Preliminary Economic Assessment ("PEA") on September 10, 2021 which indicated the project had a 15 year mine life producing per year 100,000 tonnes of the graphite concentrate at 95%Cg or a total of 1.5Mt of the graphite concentrate. This report was prepared as National Instrument 43-101 Technical Report for [Lomiko Metals Inc.](#) by Ausenco Engineering Canada Inc., Hemmera Envirochem Inc., Moose Mountain Technical Services, and Metpro Management Inc., collectively the Report Authors. The Bourier project site is

located near Nemaska Lithium and Critical Elements south-east of the Eeyou Istchee James Bay territory in Quebec which consists of 203 claims, for a total ground position of 10,252.20 hectares (102.52 km²), in Canada's lithium triangle near the James Bay region of Quebec that has historically housed lithium deposits and mineralization trends.

Mr. Mike Petrina, Project Manager, a Qualified Person under National Instrument 43-101 - Standards of Disclosure for Mineral Projects, has reviewed and approved the technical disclosure in this news release.
