

Royal Gold Provides Update on its December Quarter 2021 Stream Segment Sales

11.01.2022 | [Business Wire](#)

[Royal Gold Inc.](#) (NASDAQ: RGLD) (together with its subsidiaries, "Royal Gold" or the "Company," "we" or "our") announced today that its wholly owned subsidiary, RGLD Gold AG, sold approximately 61,700 gold equivalent ounces¹ ("GEOs") comprised of approximately 45,600 gold ounces, 715,100 silver ounces and 1,300 tonnes of copper related to its streaming agreements during the three-month period ended December 31, 2021. The Company had approximately 26,000 GEOs in inventory at December 31, 2021, consisting of 18,700 gold ounces, 392,300 silver ounces and 400 tonnes of copper.

RGLD Gold AG's average realized gold, silver and copper prices for the quarter were \$1,792 per ounce, \$23.35 per ounce and \$9,703 per tonne (\$4.40 per pound), respectively, compared to \$1,795, \$24.94 and \$9,451 (\$4.29), respectively, in the prior quarter ended September 30, 2021. Cost of sales was approximately \$407 per GEO for the quarter ended December 31, 2021, using the quarterly average silver-gold ratio of approximately 77 to 1 and copper-gold ratio of approximately 0.19 tonnes per ounce, compared to cost of sales of \$423 per GEO in the prior quarter ended September 30, 2021. Cost of sales is specific to the Company's streaming agreements and is the result of the Company's purchase of gold, silver or copper for cash payments at a set contractual price, or a percentage of the prevailing market price of gold, silver or copper when purchased.

Forward-Looking Statements: This press release includes "forward-looking statements" within the meaning of U.S. federal securities laws. Forward-looking statements are any statements other than statements of historical fact. Forward-looking statements are not guarantees of future performance, and actual results may differ materially from these statements. Forward-looking statements are often identified by words like "will," "may," "could," "should," "would," "believe," "estimate," "expect," "anticipate," "plan," "forecast," "potential," "intend," "continue," "project," or negatives of these words or similar expressions. Forward-looking statements include, among others, statements about operating results for the quarter ended December 31, 2021. Factors that could cause actual results to differ materially from these forward-looking statements include, among others, the following: a lower-price environment for gold, silver, copper, nickel or other metals; operating activities or financial performance of properties on which we hold stream or royalty

interests, including variations between actual and forecasted performance, operators' ability to complete projects on schedule and as planned, changes to mine plans and reserves, liquidity needs, mining and environmental hazards, labor disputes, distribution and supply chain disruptions, permitting and licensing issues, or contractual issues involving our stream or royalty agreements; risks associated with doing business in foreign countries; our ability to identify, finance, value and complete acquisitions; adverse economic and market conditions; changes in laws or regulations governing us, operators or operating properties; changes in management and key employees; the impacts of the COVID-19 pandemic; and other factors described in our reports filed with the Securities and Exchange Commission, including our Form 10-K for the fiscal year ended June 30, 2021. Most of these factors are beyond our ability to predict or control. Forward-looking statements speak only as of the date on which they are made. We disclaim any obligation to update any forward-looking statements, except as required by law. Readers are cautioned not to put undue reliance on forward-looking statements.

1. Gold equivalent ounces, or GEOs, is calculated by the Company as revenue (in total or by reportable segment) for a period divided by the average gold price for that same period.
