Vancouver, June 20, 2022 - [SolidusGold Inc.](#) (TSXV: SDC) ("Solidus" or the "Company") is announcing an update to its information circular dated May 13, 2022 (the "Circular") in connection with the proposed reverse takeover transaction (the "Proposed Transaction") with Valhalla Metals, Inc. ("Valhalla") for an upcoming meeting of the Company's shareholders to be held on June 21, 2022 (the "Meeting"). The Circular was filed on May 18, 2022 and can be found under the Company's SEDAR profile at www.sedar.com.

In the Circular, the Company disclosed that, by the closing date of the Proposed Transaction, it intended to complete a "best efforts" brokered private placement financing of subscription receipts ("Subscription Receipts") for gross proceeds of up to \$10,000,000 (the "Brokered Subscription Receipt Placement"). This will not be undertaken. Instead, the Company will be conducting a non-brokered private placement of a minimum of 4,000,000 Subscription Receipts at a price of \$0.50 per Subscription Receipt, on a post five-to-one consolidation basis, for minimum gross proceeds of up to \$2 million (the "Non-Brokered Offering"). The maximum number of Subscription Receipts to be offered will be for gross proceeds of \$10 million.

The Subscription Receipts will be offered for sale to qualified investors through a special purpose vehicle (the "Finco"), established for the purpose of completing the Non-Brokered Offering, on a private placement basis pursuant to available exemptions from the prospectus requirements of applicable securities laws. The Subscription Receipts are proposed to be exchanged, upon the satisfaction of certain conditions, for common shares of the Finco, which shares will then be exchanged for Subordinate Voting Shares (as defined herein) on a one-for-one basis.

The closing of the Non-Brokered Offering is expected to occur on or before July 31, 2022, and is subject to the completion of formal documentation and receipt of all applicable regulatory approvals, including the approval of the TSX Venture Exchange. The net proceeds from the Non-Brokered Offering will be used for exploration of the Company's assets in Alaska and for general corporate purposes.

The Non-Brokered Offering is being conducted in connection with the Proposed Transaction in accordance with the policies of the TSX Venture Exchange as set out in the definitive agreement entered into on February 7, 2022 (the "Definitive Agreement"). In connection with the Definitive Agreement and the Proposed Transaction, the Company will be required to, among other things: (i) complete a five-to-one consolidation of its outstanding common shares; (ii) re-designate its common shares as subordinate voting shares (the "Subordinate Voting Shares"); and (iii) create a new class of multiple voting shares (the "Multiple Voting Shares").

The Proposed Transaction is expected to close shortly following the Meeting and before July 31, 2022, with the Company changing its name to "Valhalla Metals, Inc." in connection therewith (the "Resulting Issuer").

As a result of the Non-Brokered Offering being completed instead of the Brokered Subscription Receipt Placement the estimated available funds available to the Resulting Issuer and principal purposes of such funds which were disclosed in the Circular are now as follows:

Funds Available

The following table sets out information respecting the Resulting Issuer's expected sources of cash following the completion of the Proposed Transaction. The amounts shown in the table are estimated only and are based upon the information available to the Company and Valhalla as of the date hereof;

Notes:

1. Assuming the minimum amount of the Non-Brokered Offering only.
2. The private placement of Subordinate Voting Shares to be completed by the Company and Marubeni pursuant to the terms of the Investment Agreement (the "Concurrent Private Placement").
3. Pursuant to the Amendment to the Investment Agreement, Marubeni has agreed to purchase 19.9% of the Company's Subordinate Voting Shares, on an as converted basis, which represents gross proceeds of \$8,000,000 assuming that the Non-Brokered Offering is fully subscribed.

Principal Purposes of Funds

The following table sets out information respecting the Resulting Issuer's intended principal uses of funds for the 12 months following the completion of the Proposed Transaction. The intended use of funds may vary based upon a number of facts and variances may be material. The amounts shown in the table are estimates only and are based upon the information available to the Company and Valhalla as of the date hereof;

Gustin, C.P.G., of Mine Development Associates) converted into Canadian dollars on the basis of the exchange rate as quoted by the Bank of Canada on June 17, 2022, being USD \$1.00 = C\$1.3035 (C\$1.00 = USD \$0.7672).

4. Unallocated funds will be added to the working capital of the Company and invested in short-term interest bearing obligations.

The above sources and uses of funds are estimates only. Notwithstanding the proposed uses of available funds as discussed above, there may be circumstances where a reallocation of funds may be necessary. It is difficult at this time to definitively project the total funds necessary to execute the planned undertakings of the Resulting Issuer. For these reasons, management considers it to be in the best interests of the Resulting Issuer and its shareholders to permit a reasonable degree of flexibility as to how the Resulting Issuer's funds are employed among the above uses or for other purposes, as the need may arise.
