

Jourdan Hires Roger Lemaitre as Vice-President and Head of Mining

24.01.2023 | [GlobeNewswire](#)

TORONTO, Jan. 24, 2023 - [Jourdan Resources Inc.](#) (TSXV: JOR; OTCQB: JORF; FRA: 2JR1) ("Jourdan" or the "Company") is pleased to announce the appointment of Roger Lemaitre as Jourdan's Vice-President and Head of Mining.

Mr. Roger Lemaitre is a Professional Engineer and Geologist with more than 30 years of professional experience, with both senior and junior mining companies in various roles including technical exploration and development, management, and senior executive positions.

Mr. Lemaitre guided (formerly) TSX-listed UEX Corporation, one of the leading Athabasca uranium junior explorers and developers, from 2014 through to the sale of the company at a 72% premium in late 2022 by engineering a competitive bidding process. During his time leading UEX, he guided the company through a challenging uranium bear market, growing shareholder value from C\$75 million market capitalization to C\$310 million, and raised over C\$75 million in equity during that time.

Mr. Lemaitre has also held a variety of senior management positions with Cameco Corporation, one of the world's largest uranium producers, and was Cameco's Director of Worldwide Exploration Projects. In this position, Mr. Lemaitre had responsibility for overseeing the execution of Cameco's growing international exploration programs and budgets as well as overseeing the field activities of three global exploration offices. Before becoming the Director of Worldwide Exploration, Mr. Lemaitre was Cameco's Manager of Regional Exploration, Saskatchewan and was involved in Cameco's strategic growth team tasked with the identification of opportunities in the uranium sector.

Mr. Lemaitre holds a B.Sc in geological engineering from Queen's University, an M.Sc from McGill University and an MBA from Athabasca University.

Rene Bharti, CEO of Jourdan, stated, "Having someone of Mr. Lemaitre's caliber is critical at this phase of Jourdan's development. Given that we are actively moving towards establishing an initial mineral resource estimate at our Vallée property, which is next to the property held by our neighbours, North American Lithium (a majority-owned subsidiary of Sayona Mining Ltd.), who we have been advised will commence production in 2023, we see Mr. Lemaitre as essential to Jourdan's success. Mr. Lemaitre, along with Dr. Rompel, will oversee our drill programs, as well as push forward the establishment of our initial resource estimate and the Company's overall mining plan. Jourdan is very proud to have Mr. Lemaitre join our team."
