About Argonaut Gold

Argonaut Gold is a Canadian gold company engaged in exploration, mine development and production. The Company is in the final stages of construction of the Magino mine, located in Ontario, Canada. Magino will be the Company's largest and lowest cost gold mine. Commissioning is scheduled for the second quarter of 2023 followed by commercial production in the third quarter of 2023. In addition, the Company has four operating mines including the Florida Canyon mine in Nevada, USA, the El Castillo mine and San Agustin mine, which together form the El Castillo Complex in Durango, Mexico and the La Colorada mine in Sonora, Mexico. The Company also holds the advanced exploration stage Cerro del Gallo project and several other exploration stage projects, all of which are located in North America. For further information on the Company's material properties, please see the reports as listed below on the Company's website or on www.sedar.com.
