

# Pedro Resources Ltd. Announces Entering into Letter of Intent

20.03.2023 | [Newsfile](#)

Toronto, March 20, 2023 - [Pedro Resources Ltd.](#) (CSE: VBN) (the "Company") announces that it has entered into a letter of intent (the "LOI") with Fixed Earth Innovations Ltd. ("Fixed Earth") dated March 9, 2023, pursuant to which the Company and Fixed Earth propose to enter into a collaboration agreement (the "Collaboration Agreement") which will provide for the licensing of certain intellectual properties or projects or products relating to the development and use of biotechnology for the environmental benefit of resource extraction and project contaminant remediation and development in related industries (the "Proposed Transaction").

As consideration for the Proposed Transaction, the Company will make a cash payment in the aggregate of \$200,000 to Fixed Earth, payable over six months, beginning upon closing of the Proposed Transaction.

The completion of the Proposed Transaction contemplated by the LOI remains subject to the Company and Fixed Earth entering into a definitive agreement and the approval of all regulatory and other approvals.

The goal of the Collaboration Agreement is to foster the development and use of biotechnology for the environmental benefit of resource extraction and development industries. Fixed Earth a company located in Saskatoon, Saskatchewan, is focused on the development and commercialization of biotechnology for the remediation, reclamation and restoration of soils, water, and facilities contaminated by chemicals, hydrocarbons or other hazardous materials.

Fixed Earth Innovations provides on-site microbial expertise and in-house research into various global contaminants. The company uniquely isolates microbes on-site for an improved balance of native organics to address contaminant remediation. Fixed Earth combines laboratory research and field trials to create processes for new innovative solutions.

"The use of biotechnology with a positive environmental impact for resource site reclamation is the way of the future. Through continuing research additional products and capabilities will be developed and deployed," says Company CEO Brian Stecyk.
