

Cvw Cleantech Reports 2022 Results

20.04.2023 | [CNW](#)

CALGARY, April 20, 2023 - [CVW CleanTech Inc.](#) (the "Company" or "CVW CleanTech") (TSXV: CVW) is pleased to announce its operating and financial results for the three and twelve month period ended December 31, 2022. For complete details, please refer to the Financial Statements and associated Management's Discussion and Analysis for the period ended December 31, 2022, available on SEDAR: (www.sedar.com) or on the Company's website: www.CVWCleanTech.com.

Highlights

- During the year ended December 31, 2022, cash from financing activities contributed \$9.9 million of cash, net of \$1.0 million of related financing fees. The balance of cash on hand at December 31, 2022 was \$6.9 million.
- During the fourth quarter of 2022, a private placement of units (shares and warrants) yielded \$1.4 million in additional cash. The conversion of warrants yielded a further \$450,000 in cash during December 2022.
- For the year ended December 31, 2022, CVW CleanTech reported net losses of \$4.4 million or \$0.04 per share. Losses were primarily due to charges recognized for stock-based compensation expense totaled \$2.1 million in 2022.

A key priority for the business and a continuing focus is to ensure that commercial scale deployment of CVW™ technologies in the oil sands mining sector moves ahead in a timely fashion and delivers value to CVW CleanTech's shareholders. CVW CleanTech is also actively reviewing diversification opportunities to enhance our technology portfolio and identify additional value added opportunities. These include examining how the Company's technologies and resources could be applied in the clean technology industry, more broadly. Diversifying in this fashion, while retaining a focus on clean technology and the role it plays with decarbonization and the circular economy, has the potential to accelerate the growth of the business across multiple sectors and geographies while transforming the company into a leader in the clean tech space.

CVW CleanTech's CEO, Akshay Dubey said: "Our Company continues to progress towards commercialization of CVW CleanTech technologies and is engaged in discussions with the major mining oil sands operators. We are excited at the prospect of our technology to drive meaningful environmental change, while also recovering valuable commodities including critical minerals and hydrocarbons currently lost in waste streams. We are also keenly reviewing other opportunities to create shareholder value by utilizing our platform to further drive positive change with a goal of creating a more sustainable world."

About CVW CleanTech Inc.

[CVW CleanTech Inc.](#) is a clean technology innovator, working to develop sustainable technology solutions. The Company has developed a suite of technologies called Creating Value from Waste™ ("CVW™") that recovers bitumen, critical minerals and water from oil sands froth treatment tailings while significantly reducing their emissions and enhancing waste management.

Disclosure regarding forward-looking information

This news release contains forward-looking statements and information within the meaning of applicable Canadian securities laws (collectively, "forward-looking information") that reflect the current expectations of management about the future results of performance, achievements, prospects or opportunities for CVW CleanTech.

Forward-looking statements are frequently, but not always, identified by words such as "expects", "anticipates", "believes", "intends", "estimates", "potential", "possible" and similar expressions, or statements that events, conditions or results "may", "could" or "should" occur or be achieved. The forward-looking statements may include statements regarding the results of deployment of CVW™ technologies and its business plan, potential diversification opportunities and other future opportunities, as well as other statements that are not statements of fact. Forward-looking statements are statements about the future and are inherently uncertain, and actual achievements of the Company may differ materially from those reflected in forward-looking statements due to a variety of risks, uncertainties and other factors. For the reasons set forth above, investors should not place undue reliance on forward-looking information.

forward-looking statements. Important factors that could cause actual results to differ materially from the Company's expectations include: uncertainties in the timing and receipt of regulatory and exchange approvals; uncertainties involved in disputes and litigation; fluctuations in interest rates, commodity prices, currency exchange rates, and other financial conditions, and the effect on viability of investments; changes in the availability, and cost, of technical labour required for our business; price and/or inflationary pressures affecting the cost of equipment and material required to commercialize our projects; the uncertainty of estimates of capital and operating costs; the need to obtain additional financing and uncertainty as to the availability of future financing; the impact on the Company of increasing inflation; and other risks and uncertainties disclosed in other reports released by the Company from time to time and filed with the appropriate regulatory agencies.

All forward looking statements are based on the Company's beliefs and assumptions which are based on information available at the time these assumptions are made. The Company has made the following assumptions in relation to the forward-looking statements in this press release: the expected environmental and economic benefits to be achieved from CVW&TRAD technologies; the ability of the Company to successfully access various government funding programs; the details of government funding programs and that such programs will be implemented (and not change) as expected; that the Company will continue to be able to protect its intellectual property; assumptions as to various market and commercial opportunities for the Company's technologies; and the ability of the Company to continue to develop and commercialize its technologies. The forward-looking statements contained herein are as of the date set out above and are subject to change after this date, and the Company has no obligation to publicly update or revise the statements to reflect new events or circumstances, except as may be required pursuant to applicable laws.

Although management believes that the expectations represented by such forward-looking information or statements are reasonable, there is significant risk that the forward-looking information or statements may not be achieved, and the underlying assumptions thereto will not prove to be accurate. Actual results or events could differ materially from the plans, intentions, or expectations expressed or implied in any forward-looking information or statements, including the underlying assumptions, as a result of numerous risks, uncertainties and factors including: failure to obtain regulatory approvals; the possibility that market opportunities will arise that require more cash than the Company has or can reasonably obtain; dependence on key personnel; dependence on corporate collaborations; potential delays; uncertainties related to early stage of technology and product development; uncertainties as to fluctuation of the stock market; uncertainties as to future expense levels and the possibility of unanticipated costs or expenses or cost overruns; and other risks and uncertainties which may not be described herein.
