VANCOUVER, May 12, 2023 - [Nevada King Gold Corp.](#) (TSX-V: NKG) ("Nevada King" or the "Company") is pleased to announce that it has closed the brokered portion of its previously announced financing for gross proceeds of \$5-million (the "LIFE Offering"). The LIFE Offering was led by Canaccord Genuity Corp. as lead agent and sole bookrunner, on behalf of a syndicate of agents that included Roth Canada Inc. (collectively the "Agents").

Collin Kettell, Founder & CEO of Nevada King, commented: "With the closing of this offering, we welcome six new institutional investors to our growing roster of shareholders. These six orders constitute over 90% of the \$5-million LIFE financing, which was priced at market and without a warrant. Achieving this pricing in light of difficult market conditions is a testament to the continued investor confidence in the trajectory of the Atlanta Gold Mine Project discovery. The concurrent \$11.25-million non-brokered portion of the financing is being taken almost entirely by existing shareholders, and upon closing, Nevada King will be well-financed for an aggressive 2023 exploration season and beyond."

The Company is continuing with the non-brokered portion of its financing (the "Non-Brokered Private Placement" and together with the LIFE Offering, the "Offering") for additional gross proceeds of \$11.25-million. The Non-Brokered Private Placement has been allocated and is expected to close on or about May 26, 2023. The total gross proceeds of the Offering, after the completion of the Non-Brokered Private Placement are expected to be \$16.25-million.

In connection with the LIFE Offering, the Company issued 11,111,111 common shares for a purchase price of \$0.45 per share. The common shares issued under the LIFE Offering were issued by way of the Listed Issuer Financing Exemptions under Part 5A of National Instrument 45-106 - Prospectus Exemptions and are not subject to resale restrictions pursuant to applicable Canadian securities laws or the policies of the TSX Venture Exchange ("TSX-V").

In connection with the LIFE Offering, the Agents received an aggregate cash fee equal to \$250,000.

The net proceeds of the Offering are intended to be used to advance Nevada King's development and exploration stage projects and for other general corporate purposes.

For further information regarding the Non-Brokered Private Placement, please see the Company's news releases dated April 18, 2023, May 3, 2023, and May 10, 2023. The issuance of the common shares under the Non-Brokered Private Placement is subject to customary conditions, including, but not limited to, the receipt of all necessary approvals, inclusive of the applicable TSX-V.

The securities offered under the Non-Brokered Private Placement have not been registered under the U.S. Securities Act, as amended (the "U.S. Securities Act"), and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements. This release does not constitute an offer to sell or a solicitation of an offer to buy any securities in the United States. The securities described herein have not been, and will not be, registered under the U.S. Securities Act, or any state securities laws, and may not be offered or sold within the United States except in compliance with the registration requirements of the U.S. Securities Act and applicable state securities laws or pursuant to available exemptions therefrom.

#### About Nevada King Gold Corp.

Nevada King is the third largest mineral claim holder in the State of Nevada, behind Nevada Gold Mines (Barrick/Newmont) and Kinross Gold. Starting in 2016 the Company has staked large project areas hosting significant historical exploration work on the Battle Mountain trend located close to current or former producing gold mines. These project areas were initially targeted for their potential for hosting multi-million ounce gold deposits and were subsequently staked following a detailed geological evaluation. District-scale projects in Nevada King's portfolio include (1) the 100% owned Atlanta Mine, located 100km south of Ely, (2) the Lewis and Horse Mountain-Mill Creek projects, both located between Nevada Gold Mines' large Phoenix and Goldfield mines, and (3) the Iron Point project, located 35km east of Winnemucca, Nevada. The Company is well funded with cash of approximately \$10 million after closing of LIFE Offering.

The Atlanta Mine is a historical gold-silver producer with a National Instrument 43-101 ("NI 43-101") compliant pit-constrained resource of 460,000 oz Au in the measured and indicated category (11.0M tonnes at 1.3 g/t) plus an inferred resource of 100,000 oz Au (5.3M tonnes at 0.83 g/t). See the NI 43-101 Technical Report on Resources titled "Atlanta Property, Lincoln County, Nevada" with an effective date of October 6, 2020, and a report date of December 22, 2020, as prepared by Gustavson Associates Inc. and filed under the Company's profile on SEDAR ([www.sedar.com](http://www.sedar.com)).
