

Gold Bull Resources Corp. Announces Filing of PEA Technical Report for Sandman Gold Project

10.06.2023 | [GlobeNewswire](#)

[Gold Bull Resources Corp.](#) (TSX-V: GBRC) ("Gold Bull" or the "Company") is pleased to announce, in connection with its news release dated April 25, 2023, it has filed a Preliminary Economic Assessment ("PEA" or "Scoping Study") for the Sandman Project ("Sandman" or the "Project") located in Humboldt County, Nevada, USA.

The PEA dated June 9, 2023 was prepared in accordance with National Instrument 43-101 - Standards of Disclosure for Mineral Projects and is available on www.sedar.com and on the Company's website, www.goldbull.ca. The previous Mineral Resource Estimate (MRE) was not modified as part of this Scoping Study. The focus of the study was to conduct a preliminary economic assessment of the known gold resources located above the water table.

The news release dated April 25, 2023 summarizes results from the Scoping Study and the Company is pleased to report that there were no material differences between the news release and the PEA.

ABOUT SANDMAN

In December 2020, Gold Bull purchased the Sandman Project from Newmont. Gold mineralization was first discovered at Sandman in 1987 by Kennecott and the project has been intermittently explored since then. There are four known pit constrained gold resources located within the Sandman Project, consisting of 21.8Mt at 0.7g/t gold for 494,000 ounces of gold; comprising of an Indicated Resource of 18,550kt at 0.73g/t gold for 433kozs of gold plus an Inferred Resource of 3,246kt at 0.58g/t gold for 61kozs of gold. Several of the resources remain open in multiple directions and the bulk of the historical drilling has been conducted to a depth of less than 100m. Sandman is conveniently located circa 25-30 km northwest of the mining town of Winnemucca, Nevada.

QUALIFIED PERSON

The technical information in this news release has been reviewed and approved by Mr. Jerod Eastman, a Qualified Person under National Instrument 43-101. Mr. Eastman is a Registered Member (#00885850) of the Society for Mining, Metallurgy and Exploration, Inc. and is completely independent of [Gold Bull Resources Corp.](#) The information in this news release that relates to mining and cost estimation is based on, and fairly reflects, information compiled by Mr. Eastman.

Cautionary Note Regarding Forward-Looking Statements

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

This news release contains certain statements that may be deemed "forward-looking statements" with respect to the Company within the meaning of applicable securities laws. Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential", "indicates", "opportunity", "possible" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although Gold Bull believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance, are subject to risks and uncertainties, and actual results or realities may differ materially from those in the forward-looking statements. Such material risks and uncertainties include, but are not limited to, the Company's ability to raise sufficient capital to fund its planned activities at the Sandman Project; the timing and costs of future activities on the Company's properties; maintaining its mineral tenures and concessions in good standing, to explore and develop its projects, to repay its debt and for general working capital purposes; changes in economic conditions or financial markets; the inherent hazards associates with mineral exploration and mining operations, future prices of copper and other metals, changes in general economic conditions, accuracy of mineral resource and reserve estimates, the potential for new discoveries, the ability of the Company to obtain the necessary permits and consents required to explore, drill and develop the projects and if obtained, to obtain such permits and consents in a timely fashion relative to the Company's plans and business objectives for the projects; the general ability of the Company to monetize its mineral resources; and changes in environmental and other laws or regulations that could have an impact on the Company's operations, compliance with environmental laws and regulations, dependence on key management personnel and general competition in the mining industry. Forward-looking statements are based on the reasonable beliefs, estimates and opinions of the Company's management on the date the statements are made. Except as required by law, the Company undertakes no obligation to update these forward-looking statements in the event that management's beliefs, estimates or opinions, or other factors, should change.
