

Karnalyte Resources Inc. Announces 2023 Second Quarter Results

11.08.2023 | [CNW](#)

/NOT FOR DISTRIBUTION TO U.S. NEWS WIRE SERVICES OR DISSEMINATION IN THE UNITED STATES./

SASKATOON, Aug. 11, 2023 - [Karnalyte Resources Inc.](#) ("Karnalyte" or the "Company") (TSX: KRN) today announced results and corporate highlights for the second quarter ended June 30, 2023.

The achievements are a show of the Company's commitment to developing its Wynyard Potash Project, dedication to good governance, and continued focus on increasing value for investors.

As previously announced, Karnalyte continues to work on the update to its NI 43-101 compliant technical report, a critical step towards capital investment and eventual construction of the Potash Project. The Company has now tasked leading global consulting and engineering company Wood PLC, the independent lead author of the updated technical report, to undertake an additional evaluation of cost savings to ensure maximum value for investors.

The Company also announced this quarter the election of a highly qualified new Board Director, Ritu Malhotra, who will bring valuable expertise in engineering and leadership to the Karnalyte board. In addition to this, Karnalyte achieved a significant legal settlement, enabling it to continue its efforts in advancing Company initiatives.

OUTLOOK FOR 2023

In 2023, the Company plans to complete the update to its NI 43-101 technical report; to continue to work on identifying efficiencies, optimizing construction costs and operation plans, and enhancing project sustainability; and to increase business development activities to seek out and attract investment and strategic partners to move one or both of the Company's projects forward to development.

2023 SECOND QUARTER RESULTS

At June 30, 2023, the Company had cash of \$2.7 million and positive net working capital of \$2.7 million with no debt. K's Second Quarter 2023 Financial Statements and Managements' Discussion and Analysis are available at www.sedarplus.ca on Karnalyte's website at www.karnalyte.com.

Total assets	9,003	7,185
Total liabilities	1,896	2,225
Total shareholders' equity	7,107	4,960

ABOUT KARNALYTE RESOURCES INC.

[Karnalyte Resources Inc.](#) is a development stage company focused on two fertilizer products, potash and nitrogen, to be mined and manufactured in Saskatchewan. Karnalyte owns the Wynyard Potash Project, with planned phase 1 production of 1 million tonnes per year ("TPY") of high grade granular potash, and two subsequent phases of 750,000 TPY each, taking total production up to 2.125 million TPY. Karnalyte is also exploring the development of the Proteos Nitrogen Project, which is a proposed small-scale nitrogen fertilizer plant with a nameplate production capacity of approximately 700 metric tonnes per day ("MTD").

ammonia and approximately 1,200 MTPD of urea, and a target customer market of independent fertilizer wholesalers in Saskatchewan.

ABOUT THE WYNYARD POTASH PROJECT

The Wynyard Potash Project is a solution mining potash project located in Wynyard, Saskatchewan, with planned phase 1 production of 625,000 TPY of high grade granular potash, and two subsequent phases of 750,000 TPY each, taking total production up to 2.125 million TPY. All environmental permits remain valid, preliminary detailed engineering is complete and an existing offtake agreement with Gujarat State Fertilizers & Chemicals Limited remains in effect. Further development is dependent on the continued strength of potash prices and obtaining financing.

ABOUT THE PROTEOS NITROGEN PROJECT

The Proteos Nitrogen Project is an advanced stage development project consisting of a proposed small-scale nitrogen fertilizer plant to be located in Central Saskatchewan, having a nameplate production capacity of approximately 700 MTPD of anhydrous ammonia and approximately 1,200 MTPD of urea, and designed to produce two products - anhydrous ammonia (82-0-0) and granular urea (46-0-0). Karnalyte's primary target market is independent local Saskatchewan fertilizer wholesalers within a 400-kilometer radius of Saskatoon, Saskatchewan. A secondary target market is the US Midwest fertilizer wholesalers near to the Canadian-US border. The proposed plant would be the first greenfield nitrogen fertilizer plant built in Canada in the last 26 years.

ABOUT GUJARAT STATE FERTILIZERS & CHEMICALS LIMITED

Gujarat State Fertilizers & Chemicals Limited ("GSFC") is a leading Indian Fortune 500 chemicals and fertilizer company. GSFC has been in business for more than 50 years. GSFC currently operates one ammonia plant that was commissioned in the year 1969 and two urea plants that were established in 1969, at its fertilizer production complex in Vadodara, Gujarat State, India.

As the Company's strategic partner and single largest shareholder, GSFC remains committed to the Company and the Wynyard Potash Project, and is fully supportive of the Company pursuing the development of the Proteos Nitrogen Project. GSFC has confirmed to the Company that it will continue to support the structuring of the most cost-effective financing package for the development of the Wynyard Potash Project, as GSFC has consistently offered to the Company since becoming a shareholder in 2013.

FORWARD-LOOKING STATEMENTS

Certain information included in this press release is forward-looking, within the meaning of applicable Canadian securities laws. Forward-looking information is often, but not always, identified by the use of words such as "anticipate", "believe", "could", "estimate", "expect", "plan", "intend", "forecast", "future", "guidance", "may", "predict", "project", "should", "strategy", "target", or similar words or phrases suggesting future outcomes or language suggesting an outlook.

The forward-looking statements contained in this press release are based on certain key expectations and assumptions of Karnalyte, including, without limitation, assumptions as to: projected economics for the Company's planned potash production facility, the confirmation in an independent feasibility study of Karnalyte's assumptions regarding the technical and economic viability of the Proteos Nitrogen project, the ability of Karnalyte to obtain financing on terms favourable to the Company, the ability of Karnalyte to receive, in a timely manner, the necessary approvals from the Company's board of directors, shareholders, and regulatory authorities, and other third parties.

Karnalyte believes the expectations and assumptions upon which the forward-looking information is based are reasonable. However, no assurance can be given that these assumptions and expectations will prove to be correct. Accordingly, readers should not place undue reliance on the forward-looking statements and information contained in this press release. Without limitation, in the generality of the foregoing, readers are cautioned that the Company has not received a feasibility study prepared by a third party with respect to the Proteos Nitrogen project.

Actual results may vary from the forward-looking information presented in this press release, and such variations could be material. Risk factors and uncertainties could cause actual results to vary from the forward-looking information in this press release. Additional information on forward-looking statements and other factors that could affect Karnalyte's operations and financial performance are included in documents on file with Canadian securities regulatory authorities and may be accessed through the Company's website.

profile on the SEDAR+ website (www.sedarplus.com).

These forward-looking statements are made as of the date hereof and are expressly qualified in their entirety by this cautionary statement. Subject to applicable securities laws, the Company assumes no obligation to update or revise them to reflect events or circumstances.
