Tanzanian FCC Approval

After the Silvercorp team held meetings with the Government of Tanzanian, on November 6, 2023, Silvercorp received a Merger Clearance Certificate (dated November 3, 2023) from the Tanzanian Fair Competition Commission (the "FCC") approving the Transaction without conditions. The FCC approval represents the sole Tanzanian regulatory requirement needed to complete the Transaction.

Silvercorp Chairman and CEO, Dr. Rui Feng commented: "We would like to express our gratitude to the FCC for their support throughout the approval process. We also thank everyone involved for their collective efforts over the past few months, resulting in successfully achieving numerous milestones for the transaction-paving the way for the creation of a new globally diversified precious metals producer. We eagerly anticipate continuing Nyanzaga's project execution in close partnership with the Government of Tanzania to ensure a successful development that benefits all stakeholders."

Silvercorp has the financial strength to close the Transaction and advance the development of the Nyanzaga Gold Project

Silvercorp reported strong Q2 Fiscal 2024 financial results on November 9, 2023. During the quarter, cash flow from operating activities totaled \$28.8 million, and with \$189.1 million in cash, cash equivalents, and short-term investments at the end of Q2, Silvercorp has the financial strength to close the Transaction and advance the development of the Nyanzaga Gold Project.

This important step will assist in facilitating the prompt development of the Nyanzaga Gold Project. As of OreCorp's report for the quarter ended September 30, 2023, issued October 19th, compensation payments in relation to the implementation of the RAP are well advanced, with approximately 84% of the agreements fully executed and approximately US\$6 million paid to date. The tender process for constructing resettlement housing is well underway.
