Canada Nickel Secures US\$20 Million Bridge Loan Facilitated by BT Capital and Provides Corporate Update

09.05.2025 | CNW

TORONTO, May 9, 2025 - <u>Canada Nickel Company Inc.</u> ("Canada Nickel" or the "Company") (TSXV: CNC) (OTCQX: 0 today announced it has closed a US\$20 million bridge loan facilitated by Ber Tov Capital Corporation ("BT Capital"), sig 9, 2025. The financing provides support to advance the Company's flagship Crawford Nickel Sulphide Project and pay existing loan with Auramet International, Inc. ("Auramet").

"We're pleased that BT Capital, a long-time participant in our financings, has facilitated this US\$20 million bridge loan, of to continue advancing the Crawford Nickel Sulphide Project towards a construction decision by year-end 2025", said M CEO of Canada Nickel. "We also expect to close the previously announced C\$20 million convertible note investment w Tagamou Nation during week of May 12th, 2025."

Loan Terms

The loan was provided by BT Strategic Mineral Assets LP, whose anchor investor is Baronet Capital. It matures on Fet 2026, carries interest at 1.00% per month, and includes a 2.5% arrangement fee. As part of the transaction, BT Strateg Assets LP received 5,000,000 one-year warrants exercisable at \$0.94. These securities are subject to a four-month staperiod under applicable Canadian securities laws.

This secured loan includes customary positive and negative covenants for a transaction of this nature and remains sub approval by the TSX Venture Exchange (conditional approval has been received). The security covers all personal propreal property. Proceeds will be used to repay the Company's remaining balance of the loan from Auramet and for gene capital purposes.

Corporate Update: Property Acquisition

As part of its regional consolidation strategy in the Timmins area, Canada Nickel has acquired a 100% interest in 9 prin secondary contiguous mining claims totaling 656 hectares (1,621 acres). In consideration, the Company will issue 70,0 shares to the vendors, subject to TSX Venture Exchange approval. These securities will be subject to a four-month statement of period under applicable Canadian securities laws.

Corporate Update: Debt Settlement

The Company has issued 1,050,909 common shares at a deemed price of \$0.99 per share to settle US\$750,000 (C\$1, being a portion of the outstanding principal amount owed to Auramet.

Cautionary Statement Concerning Forward-Looking Statements

This press release contains certain information that may constitute "forward-looking information" under applicable Canadian securities legislation. Forward looking information includes the ability of the Company to deliver nickel required to feed the high growth electric vehicle and stainless steel markets, and the development of processes to allow the production of net zero carbon nickel, cobalt, and iron products. Readers should not place undue reliance on forward looking statements. Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of Canada Nickel to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. There are no assurances that Crawford will be placed into production. Factors that could affect the outcome include, among others: inability to repay the loan or comply with the covenants set out in the loan agreement; the actual results of development activities; project delays; inability to raise the funds necessary to complete development; general business, economic, competitive, political and social uncertainties; future prices of metals or project costs could differ substantially and make any commercialization uneconomic; availability of alternative nickel sources or substitutes; actual nickel recovery; conclusions of economic evaluations; changes in applicable laws; changes in project parameters as plans continue to be refined; accidents, labour disputes, the availability and productivity of skilled labour and other risks of the mining industry; political instability, terrorism, insurrection or war; delays in obtaining governmental approvals, necessary permitting or in the completion of development or construction activities; mineral resource estimates relating to Crawford could prove to be inaccurate for any reason whatsoever; additional but currently unforeseen work may be required to advance to the feasibility stage; and even if Crawford goes into production, there is no assurance that operations will be profitable. Although Canada Nickel has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results to differ from those anticipated, estimated or intended. Forward-looking statements contained herein are made as of the date of this news release and Canada Nickel disclaims any obligation to update any forward looking statements, whether as a result of new information, future events or results or otherwise, except as required by applicable securities laws. Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release
