Change to Chief Financial Officer

Mr. Richard Brown, Chief Financial Officer of the Company, has resigned effective May 19, 2025. Mr. Jeffrey Couch, who is presently a director of the Company and a seasoned finance executive, has been appointed, with immediate effect, as Interim Chief Financial Officer of the Company until a permanent CFO replacement

is appointed.

ICSID Annulment

As previously announced, in March 2024, the ad hoc committee (the "Committee") adjudicating the Company's application for annulment of the March 8, 2024 ICSID award (the "Arbitral Decision") ruled that the provisional stay of enforcement of that award, granted in July 2024, would continue only if Gabriel provided a guarantee from a bank or a third party with proven solvency for the full amount of the US\$10 million cost award. In April 2025, Gabriel informed the Committee of its unsuccessful efforts to secure such a third-party bank guarantee. Consequently, the Committee confirmed that the stay of enforcement was automatically lifted on April 23, 2025.

Also, as previously announced, Gabriel filed its Memorial on Annulment (the "Memorial") on April 3, 2025, setting out the grounds that support the annulment of the Arbitral Decision. The Memorial has been published on the ICSID website <https://icsid.worldbank.org/>.

Forward-looking Statements

This press release contains "forward-looking information" (also referred to as "forward-looking statements") within the meaning of applicable Canadian securities legislation. Forward-looking statements are provided for the purpose of providing information about management's current expectations and plans and allowing investors and others to get a better understanding of the Company's operating environment. All statements, other than statements of historical fact, are forward-looking statements.

In this press release, forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by the Company at this time, are inherently subject to significant business, economic and competitive uncertainties and contingencies that may cause the Company's actual financial results, performance, or achievements to be materially different from those expressed or implied herein.

Some of the material factors or assumptions used to develop forward-looking statements include, without limitation, the uncertainties associated with: (i) the ongoing proceedings (the "ICSID Annulment Proceedings") concerning the Company's application for annulment of the award dated March 8, 2024 (the

"Arbitral Decision") issued in its ICSID arbitration case against Romania (ICSID Case No. ARB/15/31); (ii) future actions taken by the Romanian Government, including in relation to the enforcement of the costs order granted under the Arbitral Decision (the "Costs Order"); (iii) conditions or events impacting the Company's ability to fund its operations (including but not limited to the completion of the potential financing referred to in this press release); and (iv) the overall impact of misjudgments made in good faith in the course of preparing forward-looking information.

Forward-looking statements involve risks, uncertainties, assumptions, and other factors including those set out below, that may never materialize, prove incorrect or materialize other than as currently contemplated which could cause the Company's results to differ materially from those expressed or implied by such forward-looking statements.

Any statements that express or involve discussions with respect to predictions, expectations, beliefs, plans, projections, objectives, assumptions or future events or performance (often, but not always, identified by words or phrases such as "expects", "is expected", "is of the view", "anticipates", "believes", "plans", "projects", "estimates", "assumes", "intends", "strategy", "goals", "objectives", "potential", "possible", "plans" or variations thereof or stating that certain actions, events, conditions or results "may", "could", "would", "should", "might" or "will" be taken, occur or be achieved, or the negative of any of these terms and similar expressions) are not statements of fact and may be forward-looking statements.

Numerous factors could cause actual results to differ materially from those in the forward-looking statements, including without limitation:

- the revocation of the provisional stay of enforcement of the Arbitral Decision;
- the ability of the Company to close the previously announced private placement offering and to access additional funding to support the Group's strategic objectives;
- the impact on the Company's financial condition and operations of any actions taken by Romania to enforce the Costs Order against the Group's assets;
- the duration, costs, process and outcome of the ICSID annulment proceedings;
- the impact on the Company's financial condition and operations of the rejection of the extension of the Rosia Montana exploitation license;
- the impact on financial condition, business strategy and its implementation in Romania of: any allegations of historic acts of corruption, uncertain fiscal investigations, uncertain legal enforcement both for and against the Group, unpredictable regulatory or agency actions and political and social instability;
- changes in the Group's liquidity and capital resources;
- equity dilution resulting from the conversion or exercise of new or existing securities in part or in whole to Common Shares;
- the ability of the Company to maintain a continued listing on the Exchange or any regulated public market for trading securities;
- Romania's actions following inscription of the "Ro?ia Montan? Mining Landscape" as a UNESCO World Heritage site;
- regulatory, political and economic risks associated with operating in a foreign jurisdiction including changes in laws, governments and legal and fiscal regimes;
- global economic and financial market conditions, including inflation risk;
- the geo-political situation and the resulting economic developments arising from the unfolding conflict and humanitarian crisis as a consequence of conflicts such as the Russia-Ukraine war;
- volatility of currency exchange rates; and
- the availability and continued participation in operational or other matters pertaining to the Group of certain key employees and consultants.

This list is not exhaustive of the factors that may affect any of the Company's forward-looking statements.

Investors are cautioned not to put undue reliance on forward-looking statements, and investors should not infer that there has been no change in the Company's affairs since the date of this press release that would warrant any modification of any forward-looking statement made in this document, other documents periodically filed with or furnished to the relevant securities regulators or documents presented on the Company's website. All subsequent written and oral forward-looking statements attributable to the Company or persons acting on its behalf are expressly qualified in their entirety by this notice. The Company disclaims any intent or obligation to update publicly or otherwise revise any forward-looking statements or the foregoing list of assumptions or factors, whether as a result of new information, future events or otherwise, subject to the Company's disclosure obligations under applicable Canadian securities regulations.
