Teuton Resources Corp. Private Placement

26.06.2025 | The Newswire

Teuton Resources Corp. ("Teuton" or "the Company") ("TUO"-TSX-V) ("TFE"-Frankfurt) ("TEUTF"-OTCQB) announces that it intends to complete a non-brokered private placement consisting of the issuance of 2,000,000 units at a price of $0.80 per unit for gross proceeds of $1,600,000. Each unit will consist of one common share and one-half of a warrant; each whole warrant entitles the purchaser to obtain one common share exercisable at $1.20, valid for two years from the closing of the private placement.

The private placement is subject to regulatory approval, including but not limited to approval of the TSX Venture Exchange, and all securities issued pursuant to the private placement will have a hold period of four months and one day. There are no finder's fees or other commissions associated with the transaction.

The proceeds of the financing will be used mainly for exploration of its many mineral properties in the Golden Triangle area of northwestern British Columbia. Additional uses of the proceeds will be for general corporate purposes.

About Teuton

Teuton owns interests in more than twenty properties in the prolific "Golden Triangle" area of northwest British Columbia and was one of the first companies to adopt what has since become known as the "prospect generator" model. This model minimizes share equity dilution while at the same time maximizing opportunity. Earnings provided from option payments (received in cash and often also in shares of the optionee companies), has provided Teuton with substantial income over the years. Teuton also owns many royalties in the Golden Triangle, including a 0.98% net smelter royalty in the core portion of the Treaty Creek property, host to the Goldstorm gold deposit.

Respectfully submitted,
