10.09.2025 | [Newsfile](#)

[Tinka Resources Ltd.](#) (TSXV: TK) (OTCQB: TKRFF) ("Tinka" or the "Company") is pleased to announce that as a result of strong investor demand, the Company has increased the size of its previously announced private placement financing (the "Offering") from gross proceeds of up to C\$11 million to gross proceeds of up to C\$14 million. As announced by the Company on September 8, 2025, immediately prior to the closing of the Offering, the Company plans to undertake a consolidation (the "Consolidation") on the basis of five (5) pre-Consolidation shares for every one (1) post-Consolidation share.

UPSIZING OF OFFERING

The upsized Offering shall consist of the sale of up to 254,545,455 units of the Company (the "Units") at a price of C\$0.055 per Unit (the "Issue Price") on a pre-Consolidation basis, or 50,909,091 Units at a price of \$0.275 per Unit on a post-Consolidation basis, for gross proceeds of up to C\$14,000,000. Each Unit comprises one common share (a "Share") and one-half of one common share purchase warrant (each whole warrant, a "Warrant"). Each Warrant entitles the holder to purchase one additional Share of the Company at an exercise price of C\$0.08 (pre-Consolidation) or at an exercise price of \$0.40 (post-Consolidation) for a period of thirty-six (36) months from closing of the Offering.

It is anticipated that certain directors and officers of the Company will participate in the Offering. In addition, [Nexa Resources S.A.](#) ("Nexa") and Compañía de Minas Buenaventura SAA ("Buenaventura") may participate in the Offering to maintain their respective pro-rata interests in the Company. It is not known at this time if pre-emptive rights held by Nexa and Buenaventura will be exercised. In the event these pre-emptive rights are exercised in full, the Company may issue up to an additional 167.75 million Shares (pre-Consolidation) in the Offering at the Issue Price for additional gross proceeds to the Company of approximately C\$9.22 million.

All securities to be issued pursuant to the Offering will be subject to a four-month hold period under applicable securities laws in Canada. Finder's fees may be payable on a portion of the Offering. The Offering is subject to certain conditions customary for transactions of this nature, including, but not limited to, the receipt of all necessary approvals, including the approval of the TSX Venture Exchange (the "Exchange").

The Company plans to use the net proceeds to fund an initial drill program at the Silvia gold-copper project, resource expansion at Ayawilca including targeting of high-grade zinc mineralization, and for corporate and general working capital purposes.

The participation of any insiders in the Offering, including Nexa and Buenaventura, may be considered a related party transaction within the meaning of Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101"). Such insider participation will be exempt from the formal valuation and minority shareholder approval requirements of MI 61-101 pursuant to sections 5.5(b) and 5.7(1)(a) of MI 61-101, as the Company is not listed on any of the exchanges or markets outlined in subsection 5.5(b) of MI 61-101, and the fair market value of the securities to be distributed to the insiders will not exceed 25% of the Company's market capitalization.

GRANT OF STOCK OPTIONS

The Company also announces that its Board of Directors (the "Board") has authorized and approved the grant of stock options (the "Options") to purchase up to an aggregate of 33,000,000 pre-Consolidation shares at an exercise price of C\$0.08 per share or 6,600,000 post Consolidation shares at an exercise price

of \$0.40 per share to its directors, officers, certain employees and consultants. The Options are subject to vesting provisions as determined by the Board and are exercisable on or before September 10, 2030.
