

Avalon Announces Amendments to Brokered LIFE Financing of up to C\$21 Million to Advance its Rare Earth and Lithium Projects in Canada

23.10.2025 | [Newsfile](#)

Toronto, October 23, 2025 - [Avalon Advanced Materials Inc.](#) (TSX: AVL) (OTCQB: AVLNF) ("Avalon" or the "Company") is pleased to announce that it has filed an amended and restated offering document under the listed issuer financing exemption (the "Amended and Restated Offering Document") to expand on and clarify certain disclosure included in its previously disclosed offering document under the listed issuer financing exemption dated October 14, 2025, including but not limited to, information relating to:

- the components of the FT Units (as defined below) that will qualify as "flow-through shares";
- the period during which warrants and broker warrants issued under the Offering (as defined below) can be exercised;
- the Company's stock exchange listings; and
- the proceeds that may be available to the Company pursuant to the Offering.

As previously disclosed, and set forth in the Amended and Restated Offering Document, the Company has entered into an agreement with Canaccord Genuity Corp. ("Canaccord"), as lead agent and sole bookrunner, on its own behalf and on behalf of a syndicate of agents (collectively, the "Agents"), in connection with a brokered private placement under the Listed Issuer Financing Exemption of up to: (i) up to 154,545,455 units of the Company (each a "Non-FT Unit") at a price of \$0.11 per Unit (the "Non-FT Offering Price") for gross proceeds of up to approximately \$17,000,000 (the "Non-FT Offering"); and (ii) up to 30,769,231 flow-through units of the Company (each a "FT Unit", and together with the Non-FT Units, the "Units") at a price of \$0.13 per Unit for gross proceeds of up to approximately \$4,000,000 (the "FT Offering", and together with the Non-FT Offering, the "Offering").

The terms of the Offering also included an option granted to the Agents sell up to 27,272,727 additional Non-FT Units at the Non-FT Offering Price to raise additional gross proceeds of up to approximately \$3,000,000 (the "Agents' Option"). The Agents' Option is exercisable in whole or in part, at any time to 48 hours prior to the closing of the Offering (the "Closing Date").

The Offering supports Avalon's strategy to advance its rare earth and lithium assets and play a meaningful role in strengthening the foundation of a resilient North American critical minerals supply chain.

Terms of the Offering

As previously disclosed, Each Non-FT Unit shall be comprised of (i) one common share of the Company (each a "Common Share") and (ii) one common share purchase warrant of the Company (each a "Warrant"). Each FT Unit will consist of (i) one Common Share, each of which will qualify as a "flow-through share" within the meaning of subsection 66(15) of the Income Tax Act (Canada) (the "Tax Act"), and (ii) one Warrant, each of which will qualify as a "flow-through share" within the meaning of subsection 66(15) of the Tax Act. Each Warrant will entitle the holder to acquire one Common Share (each, a "Warrant Share") at an exercise price of \$0.17 per Warrant Share for a period of 36 months from the Closing Date.

Subject to compliance with applicable regulatory requirements and in accordance with National Instrument 45-106 - Prospectus Exemptions ("NI 45-106"), the Units are being offered for sale to purchasers resident in Canada and/or other qualifying jurisdictions pursuant to the listed issuer financing exemption under Part 5A of NI 45-106 (the "Listed Issuer Financing Exemption"). As the Offering is being completed pursuant to the Listed Issuer Financing Exemption, the securities issued pursuant to the Offering will not be subject to a hold period pursuant to applicable Canadian securities laws. There is an offering document related to the Offering

that can be accessed under the Company's issuer profile on SEDAR+ at www.sedarplus.ca and on the Company's website at avalonadvancedmaterials.com. Prospective investors should read the offering document before making an investment decision.

Any securities issued under other exemptions from the prospectus requirements will be subject to a statutory hold period of four months and one day following issuance, as required by applicable securities laws.

Use of Proceeds

As set out in the Amended and Restated Offering Document, the net proceeds of the Offering are expected to be used to fund, among other things:

- The preparation of an updated feasibility study for the Nechalacho Rare Earths & Zirconium project to advance project readiness and support ongoing strategic partnership discussions;
- The preparation of a feasibility study related to the Company's planned Thunder Bay lithium refinery to advance project readiness and support ongoing strategic partnership discussions;
- The repayment of outstanding convertible notes; and
- Working capital and general corporate purposes.

In consideration for the services provided to the Company in connection with the Offering, the Agents will be entitled to receive a cash commission equal to 6.0% of the gross proceeds raised under the Offering and such number of broker warrants ("Broker Warrants") as is equal to 6.0% of the number of Units sold under the Offering. Each Broker Warrant will entitle the holder thereof to acquire one common share of the Company (a "Broker Warrant Share") at a price of \$0.11 per Broker Warrant Share for a period beginning 61 days after the Closing Date and ending 36 months following the Closing Date.

The Offering is expected to close on or about October 24, 2025 and is subject to certain customary conditions including receipt of all necessary regulatory approvals, including final acceptance by the Toronto Stock Exchange.

About Avalon Advanced Materials Inc.

Avalon Advanced Materials Inc. is a Canadian critical minerals company advancing the supply of materials essential for Canada's future. The Company is focused on developing strategic assets that support secure, domestic supply chains and long-term economic growth. Avalon is advancing the Nechalacho Rare Earth Elements and Zirconium Project in the Northwest Territories, which contains all light and heavy rare earth elements, as well as yttrium, zirconium, tantalum, and niobium-critical minerals used in advanced technologies across the communications, defense, clean tech, and energy sectors. The Company is also focused on vertically integrating the Ontario lithium supply chain through the development of Lake Superior Lithium Inc., Ontario's first midstream lithium hydroxide processing facility, located in Thunder Bay. This facility will serve as a vital link between northern Ontario's lithium resources and the growing EV battery manufacturing base in southern Ontario and North America. Through a joint venture with SCR Sibelco NV, Avalon is advancing the Separation Rapids Lithium Project near Kenora, Ontario, as well as continuing exploration at its Snowbank lithium and Lilypad lithium-cesium deposits.
