

Atomic Minerals Announces No Material Change

09.12.2025 | [Newsfile](#)

Vancouver, December 9, 2025 - [Atomic Minerals Corp.](#) (TSXV: ATOM) (FSE: DO8) (OTCID: ATMMF) ("ATOMIC MINERALS" or the "Company") announces today that, at the request of Canadian Investment Regulatory Organization ("CIRO"), it is not aware of any undisclosed material information or material change in its business or operations that would account for the recent increase in the market price and trading volume of its common shares.

The Company is in compliance with its disclosure obligations under the British Columbia Securities Act and National Instrument 51-102 Continuous Disclosure Obligations. The Company will continue to keep the market informed as required by applicable securities legislation.

About the Company

Atomic Minerals Corp. is a publicly listed exploration company on the TSX Venture Exchange, trading under the symbol ATOM, led by a highly skilled management and technical team with a proven track record in the junior mining sector. Atomic Minerals' objective is to identify exploration opportunities in regions that have been previously overlooked but are geologically similar to those with previous uranium discoveries. These underexplored areas hold immense potential and are in stable geopolitical and economic environments.

Atomic Minerals' property portfolio contains uranium projects in three locations within North America, all of which have significant technical merit and or are known for hosting uranium production in the past. Three of the properties are located on the Colorado Plateau, an area which has previously produced 597 million pounds of U3O8; Three others are in the prolific Athabasca Basin region and nine uranium projects are located Northern Saskatchewan, encompassing a total exploration area of 6,495 hectares.
