NFI Empire ([www.NFIEmpire.com](#)) is a premier, asset?light automotive firm based in North East, Pennsylvania, generating more than \$10 million in annual revenue. Known for its exclusive projects, high?performance builds, and deep technical expertise, the company has established itself as a leader in both custom automotive craftsmanship and modern vehicle services.

Leveraging its strong operational foundation, global reach, and history of technical innovation, NFI Empire is now expanding beyond its physical footprint with a focused digital strategy designed for rapid scale. The company is developing a comprehensive, multi?function digital automotive platform that integrates advanced technology and AI to transform how vehicles are bought, sold, serviced, and customized.

Dolkart Law and associates will assist the Company in making full application to the new OTCID reporting paradigm set in place by OTC Markets, as well as filing all mandatory quarterly disclosure statements.

"The hiring of the new OTC Market team was long overdue and will result in the Company becoming fully current with OTC Markets and meet all new requirements under the OTCID," said Anthony McCabe, CEO of Newport Gold, Inc. "We are not only working toward getting Newport Gold current and in good standing with OTC Markets, but to maximize shareholder value moving forward by identifying the best direction for its future operations with the recent execution of the non-binding letter of intent with the NFI Empire group of companies."

On or about December 29, 2025, the Company entered into a non-binding letter of intent to acquire the operation subsidiaries of a company referred to in the collective as "NFI Empire".
