Toronto, January 9, 2026 - [STLLR Gold Inc.](#) (TSX: STLR) (OTCQX: STLRF) (FSE: O9D) ("STLLR" or the "Company") has filed a National Instrument NI 43-101 ("NI 43-101") technical report titled "National Instrument 43-101 Technical Report for the Hollinger Tailings Project, Timmins, Ontario" (the "Technical Report"), dated January 9, 2026 with a mineral resource effective date of November 25, 2025. A copy of the Technical Report is available on www.sedarplus.ca or on the Company's website www.stllrgold.com.

The Technical Report was prepared by "Qualified Persons" in accordance with National Instrument 43-101 - Standards of Disclosure for Mineral Projects from WSP Canada Inc. These persons have the ability and authority to verify the authenticity and validity of this data and are independent from the Company.

The Company is also pleased to announce the appointment of Kristen Picavet to the role of Vice President, Human Resources.

Appointment of Vice President, Human Resources

Ms. Picavet brings over 10 years of progressive experience in human resources and administrative leadership in mining. At STLLR, Ms. Picavet leads the development and implementation of human resources programs across the organization and oversees a broad range of administrative functions and key corporate initiatives. Prior to joining STLLR, Ms. Picavet supported the executive team at Kirkland Lake Gold/Agnico Eagle Mines through several significant organizational milestones. She has completed studies in the Human Resources program at York University and is scheduled to earn her Certified Human Resources Professional designation in early 2026.

Keyvan Salehi, P.Eng., MBA, President, CEO, and Director of STLLR, commented: "We are delighted to announce Kristen's promotion to Vice President, Human Resources. Her extensive experience with major industry players, combined with her formal HR education and progress towards a CHRP designation, further reinforces our operational excellence while guiding the Company's human capital and corporate functions."

About STLLR Gold

STLLR Gold Inc. is a Canadian gold development company actively advancing high-potential gold projects in Canada: The Tower Gold Project and the Hollinger Tailings Project in the Timmins Mining Camp in Ontario and the Colomac Gold Project located north of Yellowknife, Northwest Territories. Tower and Colomac have the potential to become large-scale, long-life operations and are surrounded by exploration land with favourable upside potential. Hollinger has the potential for near-term value creation. STLLR's experienced management team, with a track record of successfully advancing projects and operating mines, is working towards rapidly advancing these projects.
